ABOUT ME

Independent and adaptable individual with international experience, having studied abroad from a young age.

Strong self-directed learner with a history of independently mastering complex subjects.

Transitioned into tech after exploring other academic paths, showing strong self-awareness and career adaptability.

TECHNICAL SKILLS

HTML CSS JavaScript (React, Node.js) TypeScript Java

Testing frameworks (Jasmine, Vitest) SQL (MySQL, SQLite) Postman Git

RELEVANT WORK EXPERIENCE

Worked as a primary school tutor for children of varying ages, developing strong communication and problem-solving skills by adapting explanations to different learning styles. Built patience and the ability to break down complex ideas into simple, structured steps, which are skills directly applicable to debugging, technical collaboration, and explaining code concepts.

EDUCATION

Vocational school Program in object oriented programming and JavaScript, Teknikhögskolan, Lund

August 2024 – June 2026

Included knowledge and skills in:

- Java (Spring Boot, JDBC and more)
- JS/HTML/CSS (Vanilla JS, Node.js, Bootstrap and more)
- SQL (MySQL, SQLite)

Study Abroad: Swedish as a Foreign Language, Lund Universitet, Lund

August 2023 – June 2024

Equivalent to Svenska 3

Bsc Neuroscience, University of Bristol, United Kingdom

Final-year dissertation focused on computational analysis of neuroscience data using MATLAB, including data processing, statistical analysis, and visualization. Built foundational experience in programming logic, working with datasets, and applying computational tools to scientific problems.

September 2015 – June 2019

Surbiton High School, London, United Kingdom

September 2013 – June 2015

A-Levels: Mathematics, Chemistry, Biology, Physics
